

Tuesday, February 11

Living to Bless the World is more than just serving in a local soup kitchen. And it doesn't necessarily mean giving money to someone begging on the street. But it does mean always having our eyes open and our senses on high alert to perceive what is happening around us. Jesus' interaction in Mark 5 with the woman who had been bleeding for 12 years always amazes me. In a crowd of people with questions and challenges, trying to listen to Jesus, Our King noticed this frail woman's pain and need for healing. He simply had compassion on her, and helped her. Jesus's senses were always on high alert, searching for people in need whom he could bless. As we follow Jesus, we will certainly cultivate this same awareness to the needs of others and a compassion to show the love of Christ. We can't solve every problem, but imagine what Bay County would be like if every believer blessed one person every day! It would change the world! This has been a message of the Church of Christ at Jenks Ave. – Developing Lifestyles of a church of Christ on Mission. – God bless you and have a great day!
