

Monday, February 3

Good morning, yesterday we launched our month-long church-wide theme of **Living God's Mission**. During February, we will send out weekday messages encouraging us to pursue the particular theme for that week. This will not be something we continue after February, as we certainly want to respect your time and privacy. However, for this month, we want to encourage and challenge us all to journey together as a congregation, into living as God's missionaries in our daily lives.

This week, for the first stage of becoming missionaries for Christ, we commit to **Live the Reign of Christ** – that means embracing that we are, first and foremost, citizens of a heavenly Kingdom and that we are aliens and strangers in this temporary world. I pray that God leads you wherever you are today and that you know that you are known, loved, watched, and cheered for by the King of Kings and Lord of Lords. – God bless you and have a great day!
